

WELCOME TO LAKER CARE

33 Months - 6th Grade

Located in the HLWW Middle School

6:15 am- 5:45 pm

Laker Care provides professional, quality care to meet each child's physical, emotional, social and developmental needs while in our program. We do this by allowing the child space to grow by themselves, and to enjoy their time with other children and staff.

We strive to keep parents actively involved in the care of their own children while pursuing their own goals. We promote respect and understanding for individual differences by maintaining a caring and challenging environment that allows freedom of choice and exposure to new experiences.
